Registered delegates

DEMOGRAPHICS

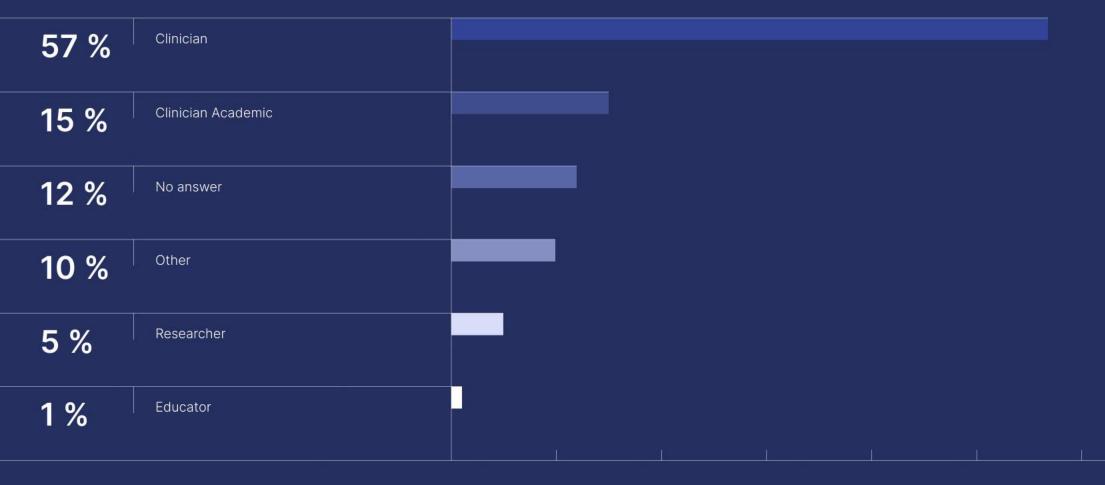

What is your profession?

What is your main role?

What was your attendee status?

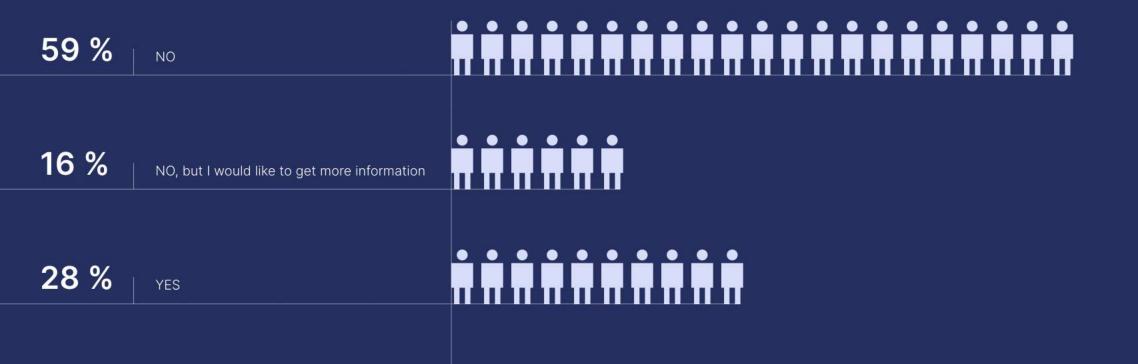

Are you a member of EUROSPINE?

If you are a member, how would you rate the membership services?

| | | excellent | good | fair | poor | very poor | no answer |
|--|-------|-----------|------|------|------|-----------|-----------|
| Reduced registration fee for EUROSPINE events | n=630 | 36 % | 32 % | 16 % | 4 % | 4 % | 8 % |
| Education events, courses | n=671 | 36 % | 41 % | 11 % | 2 % | 1 % | 9 % |
| Newsletter | n=633 | 26 % | 36 % | 18 % | 2 % | 2 % | 16 % |
| EUROSPINE booth | n=659 | 37 % | 39 % | 12 % | 2 % | 1% | 9 % |
| Reduced fee for submitting papers to the Brain & Spine Journal | n=646 | 35 % | 26 % | 17 % | 2 % | 2 % | 18 % |

What membership services / benefits are you missing?

n=990

Create a virtual network that provides access for users to post and discuss cases.

Improve board-member communication and encourage member input. Currently, the general assembly setup doesn't foster open dialogue, creating a perception of board focus on votes over voices.

Enhance the e-library by improving online resources, including e-books, free full-text content, and on-demand webinars.

We need a larger members' area at the EUROSPINE booth; it was very crowded.

Request access to more papers, offer hands-on courses, and establish partnerships and benefits for members with other scientific organisations.

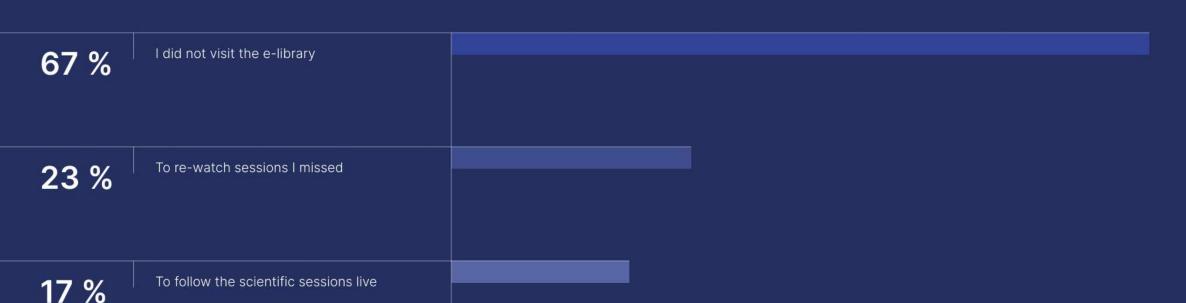

There is no information available regarding services and benefits. Have you sent an email to inform members about these services? I have not received or noticed such information.

During the congress, I visited the EUROSPINE e-library

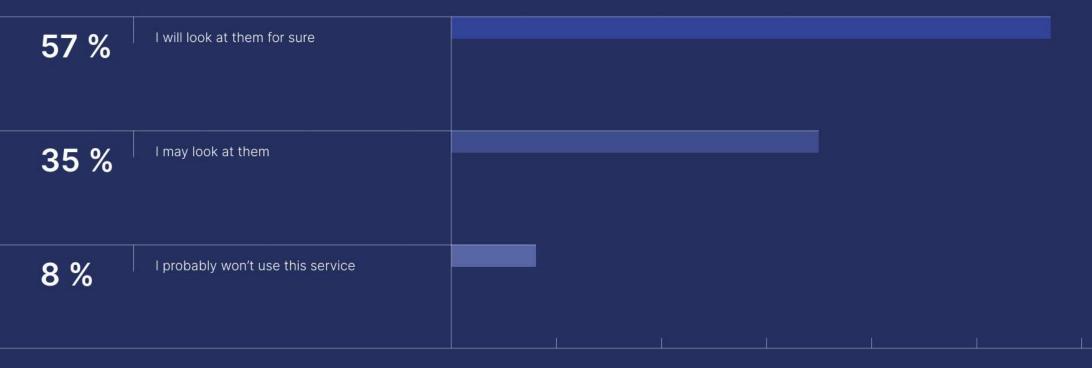

The digital recordings of the sessions will be available in the EUROSPINE e-Library after the congress

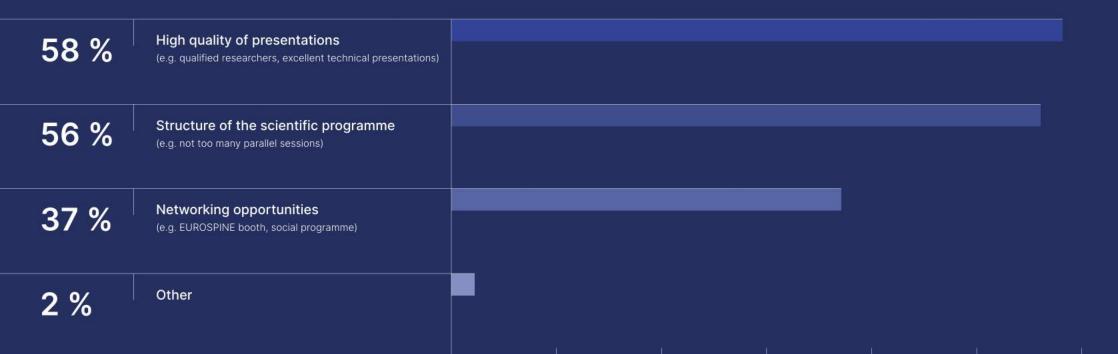

What was the best thing / were the best things about the congress?

How do you rate the overall quality of the presentations you attended?

| | | excellent | good | fair | poor | very poor | no answer |
|---|-------|-----------|------|------|------|-----------|-----------|
| Pre-day course | n=990 | 23 % | 30 % | 11 % | 1 % | 1 % | 34 % |
| Free papers | n=990 | 19 % | 46 % | 20 % | 2 % | 1 % | 12 % |
| Debates & panel discussion | n=990 | 35 % | 45 % | 15 % | 2 % | 0 % | 3 % |
| Keynote lectures | n=990 | 41 % | 43 % | 10 % | 2 % | 0 % | 4 % |
| Members only sessions (breakfast club/ campfire session) at EUROSPINE booth (white stage) | n=990 | 18 % | 20 % | 11 % | 1 % | 1 % | 49 % |
| Spotlight sessions at EUROSPINE booth (white stage) | n=990 | 24 % | 34 % | 12 % | 1 % | 1 % | 28 % |

Scientific programme – clinical vs. academic balance: Please tick the box of the statement(s) you most agree with.

Scientific programme – surgical vs. non-surgical balance: Please tick the box of the statement you most agree with.

Costs versus benefits and ethical discussions regarding age and influence on treatment indications. Should we always perform all technically possible procedures?

Explore the influence of the industry on the choice of techniques in spine surgery.

Is it necessary to make psychological or psychiatric care mandatory for patients undergoing spine surgery, considering the role of mental health care in surgical outcomes?

Spine surgeries assisted by Al

Comparing surgery and conservative spine care results.

Stem cell therapies

If EUROSPINE decided to offer different session/ networking formats in future, I would be interested to attend (& register for)

How do you rate the e-poster area?

| | excellent | good | fair | poor | very poor | not visited |
|-------|-----------|------|------|------|-----------|-------------|
| n=990 | 19 % | 36 % | 17 % | 4 % | 1 % | 23 % |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

How often did you visit the e-poster area?

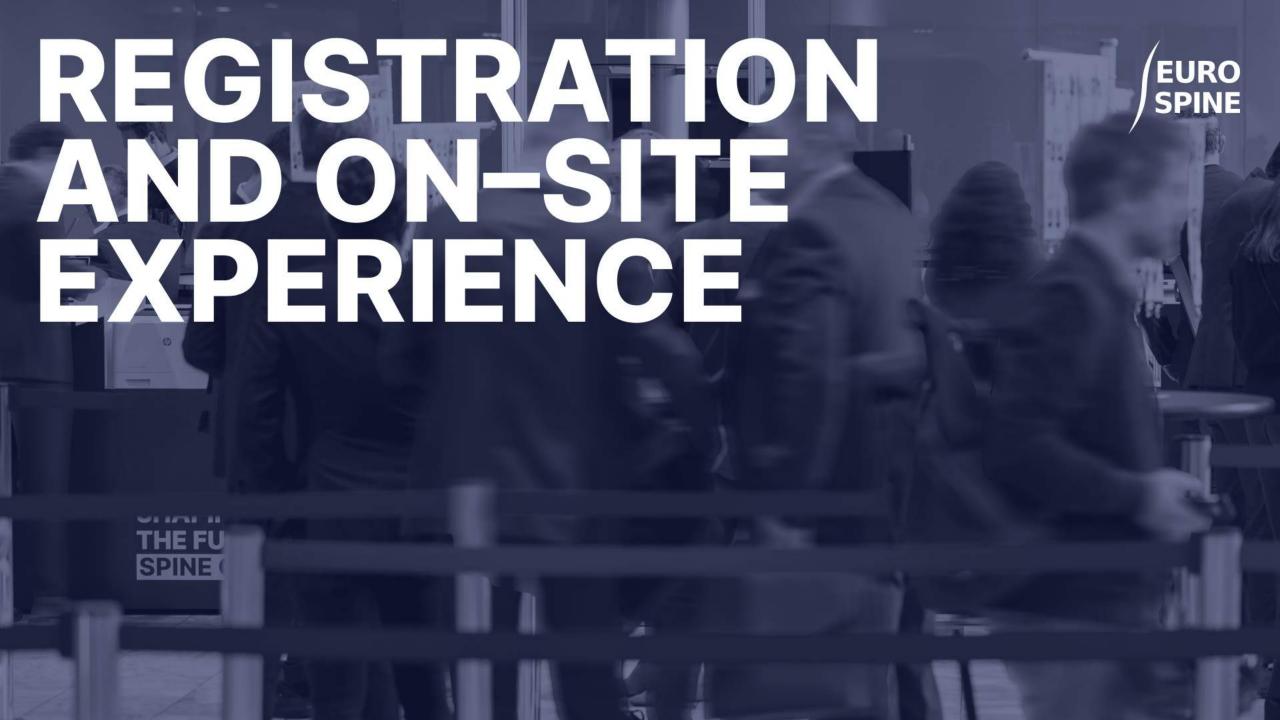

| | excellent | good | fair | poor | very poor | not visited |
|-------|-----------|------|------|------|-----------|-------------|
| n=990 | 41 % | 44 % | 12 % | 2 % | 0 % | 1 % |

SINGLE CHOICE QUESTION

How do you rate the following

| | | excellent | good | fair | poor | very poor | no answer |
|---|-------|-----------|------|------|------|-----------|-----------|
| Quality of pre-congress registration procedure | n=990 | 55 % | 27 % | 7 % | 1 % | 1 % | 9 % |
| Quality of onsite registration procedure | n=990 | 51 % | 25 % | 7 % | 0% | 1 % | 16 % |
| Onsite staff friendliness, competence and accessibility | n=990 | 60 % | 30 % | 7 % | 1 % | 1 % | 1 % |
| Onsite catering facilities and quality | n=990 | 29 % | 34 % | 22 % | 9 % | 4 % | 2 % |
| EUROSPINE e-library & live stream | n=990 | 28 % | 33 % | 11 % | 1 % | 0 % | 27 % |
| EUROSPINE app | n=990 | 36 % | 35 % | 14 % | 5 % | 1 % | 9 % |
| The location and venue of the event | n=990 | 56 % | 29 % | 10 % | 3 % | 1 % | 1 % |

Is CME-CPD (or equivalent) important for you?

Yes, needed for my national accreditation validation

63 %

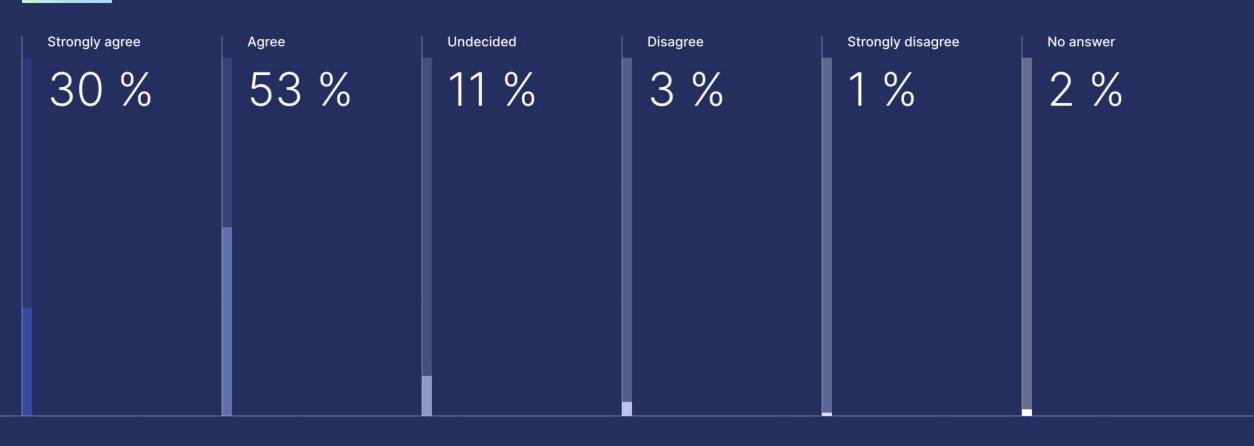

I have learned information at this event that will help me to improve my practice

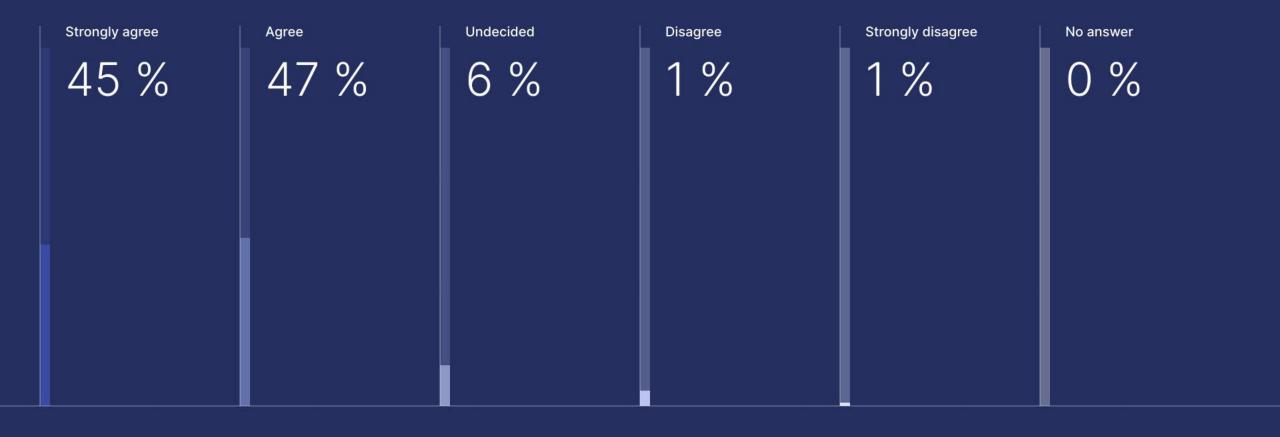

The event was excellently organised

Please list areas where we could have improved the meeting for you

n=990

Enhance app intuitiveness and improve Wi-Fi access.

Directions to the main event location could have been more precise. Frankfurt has several exhibition centres, causing confusion.

Extend break times and offer informal evening networking sessions to facilitate discussions with colleagues.

I would prefer it if New Technologies sessions did not overlap with other sessions.

Allocate more time for discussions with presenters and case discussions, and consider providing complimentary catering due to the long congress days.

There is no information available regarding services and benefits. Have you sent an email to inform members about these services? I have not received or noticed such information.
