

EUROSPINE supports Global Spine Congress

Quick Facts:

- **Event title:** Global Spine Congress 2018
- **Location:** Singapore
- **Date:** 2–5 May 2018
- **Organiser:** AOSpine
- **Number of Participants:** approx. 1,500

EUROSPINE, the largest international spine society in the world, held a lunch symposium on "Cervical Spine Injuries" at the 7th Annual Global Spine Congress from 2–5 May 2018. EUROSPINE supported AOSpine, the second largest spine society worldwide, at its scientific annual congress. The GSC is one of the biggest gatherings for thousands of spine surgeons from all over the world. The congress provides an outstanding forum to exchange ideas, network with fellow spine professionals, and to learn about the latest research, techniques, and technologies in spine surgery. Prof. Kandziora, Chief Physician of the Spine Centre at BGU Frankfurt and current EUROSPINE President, who had taken over the chairmanship of the symposium, said: "I am very pleased to be able to support our friends from AOSpine." AOSpine and EUROSPINE will continue their cooperation in the future. The next step will be a joint spring symposium at EUROSPINE's upcoming Spring Specialty Meeting, due to take place from 2 to 3 May 2019 in Frankfurt, Germany.
