

### **General Information**

### **EUROSPINE, the Spine Society of Europe**

c/o Pfister Treuhand AG Bankstrasse 4, 8610 Uster-Zurich, Switzerland

W: www.eurospine.org

### **Chair of Education Committee**

Paulo Pereira

E: educationl@eurospine.org

### **Director of Education and Research**

Julie-Lyn Noël

E: noel@eurospine.org

### **Education and Research Manager**

Angelika Salmen

E: salmen@eurospine.org

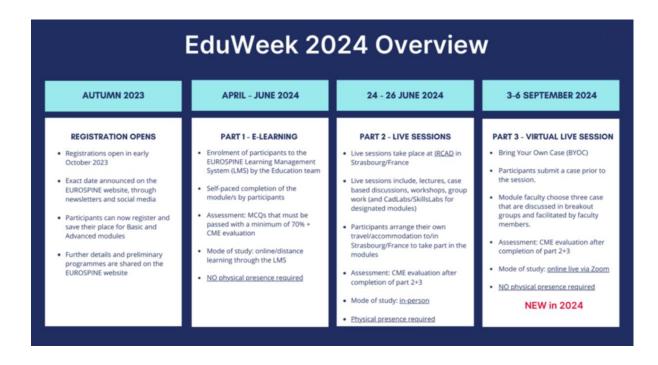

### **Module Chairs**

Dominique Rothenfluh, Switzerland Peter Vajkoczy, Germany

#### **Module Faculty**

Bart Depreitere\*, Belgium John Duff\*, Switzerland Serdar Kahraman\*, Turkey Claudio Lamartina, Italy Ibrahim Obeid, France Florian Ringel, Germany Alpaslan Senköylü, Turkey

\*E-learning only

### **Quick Facts**

**Live session** 

DAY 1: 24 June 2024 (09:00-17:00 CEST) AND

DAY 2 (CadLab): 25 June 2024 (08:00-12:30 CEST)

DATES & TIMES

**Virtual live session** 

05 September 2024 (15:00-16:30 CEST)

LIVE SESSION VENUE

IRCAD, 1 Place de l'Hôpital, 67000 Strasbourg, FRANCE

MAX. ATTENDEES 30 delegates

**REGISTRATON** EUROSPINE Member: €800 **FEES** Non-member: €1,000

**CME CREDITS** EACCME accreditation is currently pending.

**LANGUAGE** English

**DRESS CODE** Smart casual

A computer (Mac/PC) or tablet (Android/Mac) and stable internet connection are required to access the e-learning content.

connection are required to decess the electrimb contents

**E-LEARNING** In preparation for the live session, the mandatory self-paced e-

learning component will be available from 1 April 2024 on the EUROSPINE Learning Management System (LMS). <u>This component</u>

must be completed before the live session.

A module is only deemed as complete when participants have met **ALL** of the following conditions:

MODULE COMPLETION

- Passed the e-learning with at least 70% AND
- Attended the live session AND
- Attended the virtual BYOC live session AND
- Submitted the course evaluations for the e-learning and the (virtual) live session component

TARGET AUDIENCE Trained surgeons who have completed their European Spine Course Diploma or trained and practicing surgeons with more than 2 years of experience.

- Completion of e-learning module is mandatory
- Attendance of the live session and virtual live session is mandatory

**IMPORTANT (!)** 

Upon registration, participants must provide evidence that they
meet the requirements to attend the Advanced Course by
providing a copy one of the following by email: Basic Diploma, CV
or recommendation letter from department head

# **PART1 - E-learning Programme**

(available from 1 April 2024)

Time/Duration	Topic	Faculty	
	Craniocervical Junction		
00:25	Indications for craniocervical junction fixation surgery	John Duff	
00:24	Indications for anterior resection techniques at the CCJ	Bernhard Meyer	
00:10	How do I do it: endoscopic transnasal odontoid resection	Bernhard Meyer	
00:20	CO/C1/C2 fixation techniques	Bart Depreitere	
00:20	Knowledge check questions		
	Cervicothoracic Junction		
00:26	Instrumentation in the cervicothoracic junction	Bart Depreitere	
00:16	Tumours expanding to the spine	Bart Depreitere	
00:18	Kyphosis correction techniques and indications	John Duff	
00:20	Knowledge check questions		
	Thoracic Spine		
00:13	Indications and techniques for thoracic disc herniation surgery	Serdar Kahraman	
00:18	Indications for en bloc spondylectomy	Haluk Berk	
00:23	How do I do it: thoracic en bloc spondylectomy	Bart Depreitere	
00:19	Minimally invasive thoracic instrumentation and augmentation	John Duff	
00:20	Knowledge check questions		
Adolescent Idiopathic Scoliosis (AIS)			
00:18	Indications for conservative management and surgery in AIS	Haluk Berk	
00:29	Surgery principles in AIS	Ibrahim Obeid	
00:23	Spinal Cord Monitoring in Deformity Surgery	Haluk Berk	
00:20	Knowledge check questions		
Lumbar Degenerative Deformities			
00:20	Sagittal balance and operative planning	Ibrahim Obeid	
00:20	Correction osteotomies	Ibrahim Obeid	
00:10	Augmentation in the osteoporotic spine	Serdar Kahraman	
00:11	How do I do it: sacral/pelvic fixation technique	Bernhard Meyer	
00:20	Knowledge check questions		

Time/ Duration	Topic	Faculty		
High-Grade Lumbar Spondylolisthesis and Tumour Surgery and				
	Reconstruction & Intradural Tumours			
00:14	Surgical techniques and indications in	John Duff		
	high grade spondylolisthesis surgery			
00:09	How do I do it: sacral dome resection	Bernhard Meyer		
00:16	Indication and techniques of sacral	Bernhard Meyer		
	tumour resections			
00:18	Indications for neo-adjuvant therapies in	Bart Depreitere		
	spinal tumours			
00:17	Indications and techniques for	Bernhard Meyer		
	intradural extramedullary lesions			
00:15	Intramedullary tumours	Serdar Kahraman		
00:20	Knowledge check questions			

# **PART 2 - Live Session Programme**

DAY 1			
24 June 2024			
09:00–10:30	Cases		
10:30–10:45	Coffee break		
10:45–12:05	Cases		
12:05–13:05	Lunch		
13:05–15:05	Cases		
15:05–15:20	Coffee break		
15:20–17:00	Cases		
	DAY 2		
25	25 June 2024		
07:45–12:30			
(incl. 1x30 mins. Break around 10:00- 10:30)	Cadaver Lab Workshop		
07:45 – 08:00	Preparation for CadLab workshop (sign-in, changing, going to assigned tables etc)		
08:00 - 10:00	Session 1		
10:00 - 10:30	Coffee break		
10:30 – 12:30	Session 2		
12:30	END OF LIVE SESSION		

Case discussions				
Topic	Case presenter	Expert	Moderator	
Spinal cord anomalies	TBC	ТВС	Rothenfluh	
Cervicothoracic PVCR and reconstruction	Obeid	Rothenfluh	TBC	
Cranial settling	TBC	ТВС	ТВС	
Spinal metastasis	TBC	TBC	Rothenfluh	
Severe AIS	TBC	Obeid	Rothenfluh	
Degenerative scoliosis	Obeid	ТВС	ТВС	
Primary thoracic tumour	Rothenfluh	ТВС	ТВС	
Conus tumour	ТВС	ТВС	ТВС	
Thoracic disc herniation	TBC	TBC	Obeid	

Cadaver Lab Workshop		
Posterior thoracic and en bloc vertebrectomies	ТВС	
	Rothenfluh	
Cervicothoracic fixation	TBC	
Cervicotrioracie rixation	TBC	
DCO Double Octobronics and ilicanous fination	Obeid	
PSO, Ponte Osteotomies and iliosacral fixation	TBC	

# **PART 3 - Virtual Live Session**

Bring Your Own Case (BYOC)

05 September 2024 15:00 – 16:30 CEST		
15:00 – 16:50 CES1		
15:00-15:05	Introduction	
15:05-15:25	Breakout session 1	
15:25-15:30	Discussion 1	
15:30-15:50	Breakout session 2	
15:50-15:55	Discussion 2	
15:55-16:00	Break	
16:00-16:20	Breakout 3	
16:20-16:25	Discussion 3	
16:25-16:30	Wrap-up and conclusion	
END OF MODULE		

# **Learning Outcomes**

At the end of the module, participants will be able to:

- 1. List indications for surgeries in the spinal junction areas and understand associated pathologies;
- 2. Describe surgical techniques in the spinal junction areas and weigh their pros and cons;
- 3. Understand the basic principles of degenerative deformities and high-grade spondylolisthesis, list surgical indications and formulate surgical plans;
- 4. Understand and apply the basic principles of idiopathic adolescent scoliosis;
- 5. Describe the technique for radical excision surgery in spinal tumours and list complications and indications;
- 6. List indications and describe surgical

# **Learning Outcomes – Bring Your Own Case (BYOC)**

The module concludes with the Bring Your Own Case (BYOC) virtual live session. The BYOC is a case-based learning session based on the participants own practice or experience. Participants will be asked to submit a case on the module topic before the virtual live session.

The cases are ideally the participant's own case and should preferably present questions with no single right answer or dilemmas. The cases could also be from their own departments and ideally, the participant should have had some personal connection or have at least seen the case.

The cases will be shared with assigned faculty preceptors who will process the cases and determine the line-up and order of discussion. Some cases may be grouped with that of other colleagues in discussion.

At the end of the session participants will be able to:

- Synthesise background knowledge and principles on the topic (module name) and apply to their own case and other cases presented
- Identify dilemmas and issues with their own case and other cases presented
- Raise points and questions on their own case and other cases presented
- Defend their positions regarding their own case and cases presented during the discussion
- Recognise and understand diverse perspectives from other participants and faculty
- Assimilate new ideas, new techniques and information, and adopt them appropriately in practice
- Formulate clinical decisions, strategies and generate possible solutions on their own case and other cases presented
